

# ARMOURER'S<sup>TM</sup> C H O I C E

## BALLISTIC BUMP HELMET Level II RATING

### BUMP HELMET SOLUTION:

Armourer's Choice uses a proprietary nano-reinforced polymer combined with state of the art fiber technology to offer the first ballistic rated Bump Helmet available to market.

### WEIGHTS AND PERFORMANCE:

- Meets NIJ 0101.06 Level II penetration rating for 9mm FMJ.
- Meets ANSI/SEA Z89.1-2014 helmet crown blunt trauma rating.
- High cut helmet shell weighs only 1 lb (0.45 kg)

**OPTIONS:** Helmet comes standard with x-nape chafe-free chin strap and comfortable liner pads made of high and medium density closed cell foam with anti-microbial and thermal regulating fabric (adds 0.4 lbs to shell weight). Side rails and NVG mounts sold separately. Choose any color variation in S, M, L, & XL sizes (22" to 26" head circumference).
